WEST TEXAS STATE LOOKS AT FUTURE

President Hill Looks at Future

Series of Articles Will Discuss Possibilities of West Texas State College

By J. A. Hill, President

(First of a series of articles directed to the people of Canyon and Randall County.)

Neighbors and Friends:

Thirty-four years ago the one thousand people in this community contributed \$100,100 toward the establishment of "The West Texas State Normal College" here. So notable was this achievement that it attracted the favorable attention of the whole state and reflected a high sense of educational values on the part of the citizens of this community.

There has been much water over the mill in these intervening years. Population has been multiplied by three, streets have been paved in greater measure than in any other town of comparable size in the Southwest, a splendid sewer-system has been installed, streets have been lighted, an excellent water supply has been provided (the best water in West Texas), fine churches have been built, an excellent public school system has been developed, Palo Duro Park and Buffalo Lake have come into existence, and many other important improvements have been made—most of them the direct result of the investment of the aforesaid \$100,100. In fact, there are so many attractive features in Canyon and Randall County that our little city could easily become a residence center of no mean proportions.

The development of the college has been comparable to that of the city and county. The plant has become notable for both utility and beauty, representing a cost value of more than \$2,000,000. The original faculty of sixteen has expanded to eighty, the original student body to some 500 for the first twelve months has risen to almost 3,000 in a comparable period, and the course of study has grown from the level of the best high schools to five years beyond high school graduation and covers 23 fields of organized knowledge. To the Teachers College has been added a School of Liberal Arts and a School of Business Administration. Some 25,000 young people have received instruction here and serve in places of honor and responsibility in almost all parts of the world. The work of the institution is recognized for its quality by various state, regional, and national accrediting agencies and by leading educators throughout the nation. The college has led in the improvement of public education in this area and in the Southwest through the education of teachers and leaders in all walks of life. There is scarcely a community in an area 200 miles square around Canyon that has not felt the uplifting influence of West Texas State through a period of years. In short, in these thirty-four years there has arisen here a really great institution of higher learning—an institution the like of which great cities of this country have uniformly coveted and for which they have spent, in some instances, great sums of money.

So much for the past. It is gone. The record of triumph and failure is already written. The present is here, and the future is coming with lightning speed. What can we, what shall we do about it? Well, one thing is sure—the best of all we can do, working together, will be none too good. It is to the interest of Canyon and Randall County that the college shall continue to grow—

W. N. Cox Died Thursday, With Funeral at Tulia

W. N. Cox, age 88 years, 4 months and 29 days, father of G. W. Cox, died in Plainview hospital Thursday night, Oct. 26, after a brief illness from a blood clot on the brain.

Mr. Cox was born May 27, 1856 in Nevada County, Arkansas and was married to Mary Catherine Andrews in September 1874. He is survived by 4 sons and 4 daughters: J. A. Cox, Somerset, Texas; P. D. Cox, Oklahoma City; Mrs. W. A. House, Mrs. E. S. Brown and Fred Cox of Tulia; Mrs. Ellen Miller of Velma, Okla.; and G. W. Cox of Canyon; by two brothers, J. M. Cox of Chickasha, Okla.; 93 and G. W. Cox of Manitou, Okla., 91 years of age, and by 52 grandchildren and 57 great-grandchildren.

He moved to the Panhandle of Texas 36 years ago. During those years he has lived at Pampa, Tulia and Canyon.

For 50 years he was a member of the Church of Christ.

Before entering the service he had been band director and manual training teacher at New London, Texas for 3 years.

to expand and improve its service. It is just as important to the college that Canyon and Randall County shall prosper. For example, if we could double or quadruple our population it would not only enlarge but it would also improve our service to the people of this area. The college would become a more important institution to the state and more money would be put into its treasury. Furthermore, if Canyon could become known far and wide for its civic beauty, its moral and religious tone, its progressive attitude, its intellectual and cultural superiority, the college would profit immeasurably and in turn would contribute much more to the community.

For our part at the college, we are looking definitely at the future with great hope and expectation. We have some very definite plans for our future development. In the articles to follow we shall outline and discuss briefly these plans with the hope that we shall have the united support and council of all good citizens.

6th War Loan Drive Nov. 20

Randall County Has a Quota of \$180,000 for the Coming War Drive

Randall county has a quota of \$180,000 for the 6th War Loan Drive which starts Nov. 20 and ends on Dec. 16.

The quota for E bonds in this drive is \$95,000, which amount is included in the total quota of \$180,000. Randall county has never failed to go over the top in the war loan drives which have been made in the past.

All war bond sales which are made from No. 1 to Dec. 31st will count toward this drive, according to information given County Chairman R. H. Wright by the Treasury Department.

Workers for the county drive will meet with Mr. Wright soon in order that the districts may be organized and the campaign started on Nov. 20.

All of the various types of war bonds will again be offered in this campaign. These include: Series E, P, G Savings Bonds; Series C Savings Notes; 2½% bonds of 1966-71; 2% bonds of 1952-54; 1¼% notes of 1947; 7-8% certificates of indebtedness.

Golden Wedding of Judge and Mrs. A. H. Hunt

Miss Mollie A. Martin was married to A. H. Hunt October 31, 1894, at Whitman, county seat of Wood county. Hence the celebration of a golden wedding anniversary at the home of Judge and Mrs. A. H. Hunt Wednesday.

Two of the seven living children were in Canyon to help in the celebration; Mr. and Mrs. A. E. Hunt and family and Mr. and Mrs. Malcolm G. Hunt and family of Portales.

One other child lives in New Mexico, one in Wichita Falls, one in San Antonio, one in Wheeler, and one in Amarillo.

Boys in Jail For Theft Two Cars Saturday

Four Amarillo boys are held in jail charged with stealing two cars Saturday night. Three Amarillo girls were with the boys. The girls were tried here Tuesday before a jury and were acquitted.

The boys are charged with theft of a car in Amarillo and the seven drove to the Palo Duro canyon. The car was run into a ditch, and the boys are then charged with stealing the car of James Eddie Park. The clutch on this car was burned out and abandoned.

Officers were called and could hear the party in the canyon, but could not locate the boys and girls. They came out Sunday morning and were arrested at a farm home where they were seeking a ride to Amarillo. Sheriff M. E. Cantrell and other officers spent all Saturday night along the canyon looking for the seven.

One of the cars was run through a four barbed wire fence, on the W. E. Bennett farm. All but the top wire were broken by the car.

Lize King, Jr., is in jail in Canyon. He is a juvenile and will be tried Nov. 6. The other three, Troy Guyer, James Shofner and Buddy Dawson are being held in the Amarillo jail, awaiting the action of the grand jury.

Little Business Is Conducted in District Court

The grand jury was in session Friday returning three bills which were returned to the county court as misdemeanors.

Three divorce cases were tried: Dollie Gunn vs. Leonard M. Gunn, divorce denied.

Oren H. Beall vs. Eunice Beall, divorce granted.

W. A. Hunter vs. Louella Hunter, divorce granted.

Mrs. P. C. Newton went to Clovis this week to see her daughter, Mrs. Ed Stevenson, and new baby daughter, Katherine Marie.

Miss Oma Robertson visited with her brother, Dwight M. Robertson, and family in Amarillo Sunday.

Farm Bureau to Hold Meeting in Amarillo Nov. 8

J. WALTER HAMMOND

Critical issues of vital importance to producers of farm products will be discussed by farmers of this area in a meeting to be held at Amarillo Wednesday, Nov. 8.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 13 being held throughout the state of Texas to consider current questions and issues affecting agriculture.

Among the problems to be discussed will be the recognition of agriculture as a war industry with sufficient allotment of machinery, supplies, gas, oil, rubber and transportation to produce and harvest the largest possible crops for the war effort; subsidies and rollbacks; that laws already passed providing for the protection of farmers be honestly administered; ceiling prices on farm products to be set at levels that will in all cases reflect full parity; reasonable floor prices on all agricultural products year-in and year-out; presenting a united front to gain justice and equality for agriculture.

Principal speakers at the meeting will be J. Walter Hammond, president of the Texas Farm Bureau Federation, and R. G. Arnold of the American Farm Bureau Federation. James Eddie Park of Amarillo, member of the state board of directors from this district will preside. The meeting will start at 10 a. m. in the Herring Hotel, at Amarillo.

October Bonds Not up to the Quota for Month

Randall county fell down on the sale of war bonds during the month of October.

The quota for the month was \$24,100 and the sales for the month totaled only \$23,268.75. This left a difference of \$831.25 in meeting the quota.

However, Randall county always receives credit for pay-roll deductions on bonds which are bought by local citizens directly from the treasury department, or by citizens who work in war plants. When these bonds are credited to the sale of bonds in the county, the quota may be reached.

Wounds of Fox Not Serious, Writes Mother

Mrs. J. B. Fox has received a letter from her son Pfc. Weldon J. B. Fox, who was reported as missing in action since Sept. 27. The letter was written Oct. 5 from a hospital in Italy.

Pvt. Fox wrote that his wounds were not serious.

He had been reported missing by the War Department.

Boy Charged With Breaking Into Two Local Stores

A Pampa boy was under arrest this week charged with burglary at Buffalo Drug of cash and cigarettes, and Taylor & Son of cash and bakery goods.

The boy was tried in juvenile court yesterday and turned over to the parents, who made good the losses to the business firms. The boy was in school here for a while.

Two other boys were implicated in the burglary, according to statement of the boy. They have not yet been arrested.

Record Vote Is Expected Nov. 7

Great Interest Is Shown In Election for President To Be Held on Tuesday

A record number of votes are expected to be cast in Randall county for the general election next Tuesday.

Election judges indicate that they have never seen as much interest, even when hot primary elections were in the offing.

An unusually heavy vote of absentee voters are being cast. Those who will not be in Randall county on election day may cast their ballots at the office of County Clerk A. B. Holt up to Friday night.

The election will be held in Canyon at the City Hall. D. A. Shirley, judge of this box, requests that voters not come to the polls between 2 and 3 o'clock. This is the time specified by law to count absentee votes, and no voters will be allowed in the City Hall while this is being done.

The election will be held at Umbarger at the Parish Hall instead of the public school.

Owing to the large size of the ballot, voters are urged to go to the polls as early as possible on Tuesday in order to facilitate the counting.

The News will gather election returns on the electors, governor, congressmen and the constitutional amendments for the Texas Election Bureau. Election judges are asked to report on these particular items to the Canyon News as soon as the vote is completed.

All citizens are urged to vote on the constitutional amendments which are printed on the bottom of the ballots.

Election judges are:
No. 1, D. A. Shirley.
2, J. J. Leavitt.
3, Lonnie Byars.
4, E. W. Schaeffer.
5, James E. Park.
6, H. W. Burrus.
7, George E. Mason.
8, W. P. Janssen.
9, Henry Beverley.
14, C. B. Erwin.

All Stores To Close Nov. 11 For Armistice

According to the final canvass by Legion members, every business house, including filling stations, in Canyon will be closed Saturday, November 11, in commemoration of Armistice Day.

To begin the day's program Veterans of World War I and World War II and their families are invited to breakfast at the Legion Hall from 8:00 to 9:15. From 9:30 to 10:15 there will be a Memorial Service at the Band Stand. The Legion Hall will be open for inspection from 10:15 to 10:45. At 11:00 o'clock there will be an Armistice Day address at the Band Stand and at 3:00 there will be a ball game between Happy high school and West Texas Demonstration high school teams.

On Friday the American Legion Auxiliary will sell poppies.

A complete report on collection for furniture will be made November 16. It is hoped that many who wish to contribute to this fund will find it convenient to make their donations by that time.

Publishers Weep Over Troubles

Frank P. Hill of the Tahoka News spent the week end at the home of his uncle, Dr. J. A. Hill. Mrs. Hill accompanied him and they visited their daughter, Pat, student in West Texas State.

Frank visited the News office for the purpose of finding a friendly shoulder on which to shed newspaper tears. Everything is going fine with Frank at Tahoka, except for the fact that he and his father can get no help on their newspaper; and his linotype had a serious break last week; together with the fact that a part broke on the cylinder press, which could not be replaced; and his job press was put out of commission by a broken piece; and his paper cutter was burst. Aside from these, everything is fine and lovely with the publishing business at Tahoka.

PRECINCT NO. 8 VOTERS

The voting place of Precinct No. 8, Umbarger box, will be moved from the school house to the Parish Hall, Tuesday, Nov. 7.

CEMETERY ASSN'S NOTICE

Member of the Cemetery Association will meet Saturday afternoon at 4:00 o'clock in the Thompson Club rooms.

Memphis Man Wants Museum Get Mastadon

MEMPHIS, Oct. 31—West Texas museum fans in this vicinity are anxious for boosters of the Panhandle-Plains Historical Society in Canyon to get busy to correct a colossal mistake. They want a mastadon, unearthed on the Earl Ferris farm, south of this city, transferred from the Texas A. & M. Museum to the Canyon site—where, they say, it was originally intended to be placed on exhibit.

It all happened several years ago. Ferris, a retired oil man and geologist, purchased his farm and ranch due to the possible pre-historic findings the strata afforded. One day he discovered where water erosion was uncovering what resembled a huge tusk. Excavation uncovered a mastadon intact. Ferris said he thought it was being shipped to Canyon. He is an ardent backer of that museum. He was chagrined to learn it had been shipped to Texas A. & M. He hopes boosters of the Canyon museum can entice the A. & M. officials to release the specimen to West Texas. "It belongs in Canyon," Ferris declares, "because it was discovered in this region. I only hope the members of the Panhandle-Plains Historical Society can fathom some reason to have the mastadon removed to its rightful place for public exhibition.

Wayne Byars Is Home From 29 Months Overseas

Pfc. Wayne Byars arrived home from India Friday to spend a 21-day furlough with his parents, Mr. and Mrs. Albert Byars.

Pfc. Byars has been over seas for 29 months and in the service for 34 months. Overseas time has been spent in England, in the North Africa invasion, Sicily, Italy and from Italy to India and Burma.

He flew from Bombay to New York in 62 flying hours. Only one man from his immediate unit returned with him.

From his leave he will report to rest camp at Miami, Fla., for further assignment.

Mrs. Paul Aldridge, daughter of Mr. and Mrs. C. W. Samples, left Tuesday night for Greenville, Texas to meet her husband T-Sgt. Paul Aldridge who has served his required number of missions in Italy arrived in Greenville Sunday morning.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

OFF-HIGHWAY GAS COUPONS EXPIRE

Farmers and other non-highway gasoline users are notified by the Office of Price Administration that any "E" and "R" coupons, not serially numbered, will expire November 1 and may be exchanged for valid ration currency at their local War Price and Rationing Board. The expiring coupons can be identified by two points: First, they have no serial numbers, and second, they bear the capital letters "E" and "R" with no number after them. Currently valid coupons bearing serial numbers are lettered "E-1," "E-2," "R-1," and "R-2."

NOVEMBER AUTO QUOTA SET

The quota of new passenger cars available for rationing in November is set at 3,000 by the Office of Price Administration, or the same number as in the past two months. In addition a regional and national reserve of 600 cars has been authorized. The stockpile of new cars available for rationing is now under 20,000—less than a normal pre-war two-day supply.

SUMMER WORKER LOSS HITS WAR WORK

The return of students and teachers to their classrooms, plus women who have gone back to being housewives and workers who have quit war-time jobs to go into post-war jobs with the notion the war is about over has resulted in a seasonal loss to war plants of over one million workers, according to September figures of the War Manpower Commission. Despite concern over this loss in workers, Government Officials agree that the return of students to schools is in the best interests of our Democracy.

MORE CHILDREN'S APPAREL ON WAY

America's consumers from six months to 16 years—not to mention their mothers will be cheered by the fact that the War Production Board has taken further steps toward allocating materials in its third infants' and children's apparel program calling for production and distribution of roughly 30,000,000 units from December 1 through next February 28. WPB has given priority assistance to producers to obtain cotton

and flannelette fabrics. Outerwear, pajamas and underwear are included in the current children's apparel program. Low cost goods of durable quality is stressed. The increased quantities of apparel are expected to be available to retail stores during the first quarter of 1945. The first program, announced December 24, 1943, called for 24,852,000 garments and the second, on May 10, 1944, scheduled output of 24,781,000 units.

CLOTHING CONTROLS TO PROTECT PUBLIC

Public interest will require that War Production Board controls over leather and cotton textile industries be maintained after the fall of Germany to guard against possible disruptive shortages in those fields, J. A. Krug, WPB Chairman said. He cited considerable depletions of inventories of these commodities as a factor. "These basic commodities are in tight supply and will be protected through continuance of WPB directive powers and allocation controls after controls in most other fields have been abolished," said Chairman Krug. "However, even in these industries the controls will be removed as soon as production is seen to be meeting minimum essential civilian requirements." On the basis of current figures it would take some time after the end of the war in Europe to replace existing shortages and return to a minimum working supply level.

SOLDIERS BETTER EDUCATED NOW

American soldiers in this war are better educated than those who fought in the last war, studies by the United States Office of Education, Federal Security Agency and the War Department indicate. Medium level of education of soldiers in this war is the second year of high school, whereas that level was only the sixth grade grammar school in the last war. In this war 233 per cent of our fighters had completed four years of high school in contrast with only 3.5 per cent of the soldiers in the previous war. The two largest groups in both wars included those who had completed no more than five to eight years of grade school, with a percentage

of 27.4 in this war as against 55.5 per cent in the last war.

5-YEAR RURAL ELECTRIFICATION PROPOSED

A five-year rural electrification program that would create a \$5,546,283,000 outlet for goods and services and provide electric service to 3,655,000 rural homes was declared possible in a preliminary report submitted by the Rural Electrification Administration Post War Committee to the United States Department of Agriculture.

FARMERS AIDING VETERANS ON FARMING

Some 11,000 practical farmers in two-thirds of the nation's counties, in cooperation with the United States Department of Agriculture Extension Service, are checking land values and other agricultural facts in preparation for service as personal advisers to returning veterans interested in farming. Veterans Agricultural Advisory Committees have been organized in 2,162 counties of 43 states. There are a total of 3,070 counties in the nation.

Dr. A. K. Knott who teaches a class at the Cactus Ordnance Plant beyond Dumas reports that he and the other instructors see antelopes as they go to their class almost every week. He says also that there are no words to describe the beauty of the Canadian River breaks at this season of the year.

When a woman lowers her voice it's a sign she wants something. When she raises her voice it's a sign she didn't get it.

I was in a hotel the other day in Houston—an old-fashioned hotel. Why, that hotel was so old-fashioned you could actually read a newspaper by the lights in the lobby.

A sign in Sherman: "Shoes shined, 15 cents; muddy, 5 cents extra." Fair enough.

No greater service could be rendered by the bar of Texas than to do something to speed up justice in this State.

With no intention of criticizing any individual but with every intention of criticizing the slow and cumbersome court system in Texas, consider the loan shark case, which was filed on August 10, 1943 in district court.

On August 25, 1944, the district judge overruled a motion for a new trial. In other words, it took one year and 15 days just to get the case through district court.

The Court of Civil Appeals is yet ahead; so, no doubt, is the State Supreme Court. It is even possible that an effort will be made to carry the case to the Supreme Court of the United States.

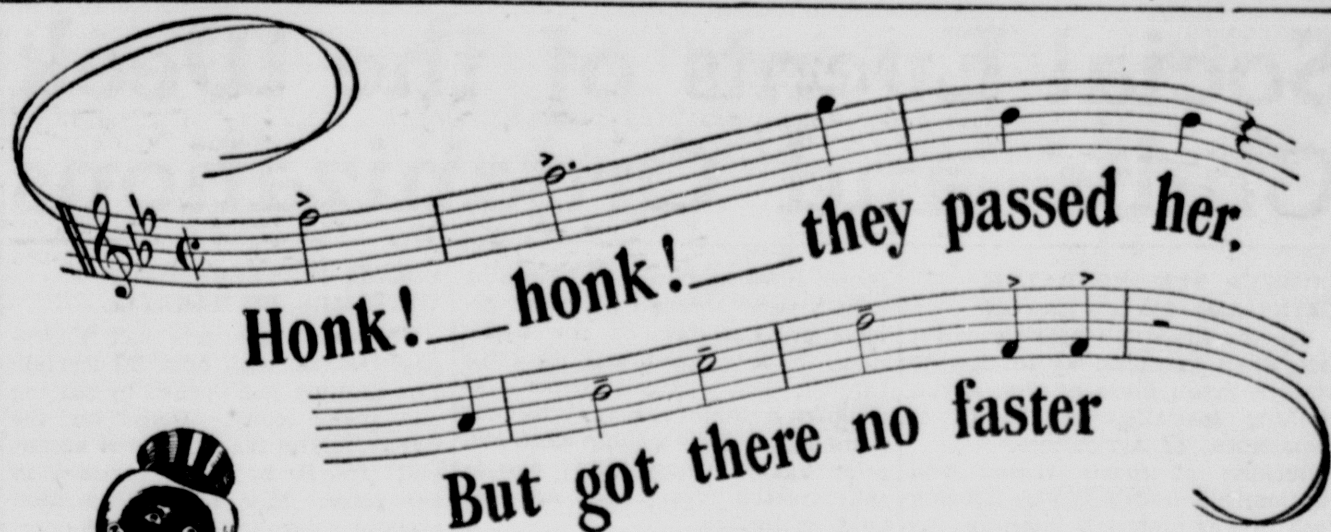

One year has already dragged by and, at that rate, two or three more years may pass before the case is decided. Meanwhile, loan sharks are free to gouge their victims—including soldiers, sailors and war plant workers—to the tune of 200, 300 or even 500 per cent interest.

Graham is a town that still has much of the atmosphere of the old West. The Texas and Southwestern Cattle Raisers Association was organized there in 1877 under a tree that was just back of a saloon—a coincidence, no doubt.

The Saloon of course has long since gone but the tree is still standing, in the yard of the Dolman House.

The story of salt in the early days, the famous hot water well, oil, cattle, old-time shootings—maybe somebody ought to write a novel about Graham.

Half the world's troubles come from saying yes too quickly; and half from not saying no quick enough.

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Definess is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

COUNTY DEMONSTRATOR GIVES ADVICE ON RAYON

Use the fingernail polish remover test when in doubt as to how to press a rayon dress or slip, advise clothing specialists of the U. S. Department of Agriculture.

Because of much viscose and cuprammonium-type rayon is being used in war materials, most rayons now on the market are acetate. Viscose and cuprammonium, which have many of the same chemical properties as cotton, may—like cotton—be pressed at fairly high temperatures. For acetate rayon, however, the iron should be warm—never hot.

Some garments and bolts of material are labeled as to fiber content and type of rayon. Test unmarked rayons by putting a few drops of polish remover on a scrap or small clipping from an inside seam. Acetate rayon will dissolve and leave a hole in the test scrap.

A hot iron is acetate's worst enemy, according to Lou Ella Patterson, County Home Demonstration Agent. It may melt the goods or give it a permanent shine. Some

people have been reported pressing a hole right through a dress. Always press acetate on the wrong side. It is a good idea to press through heavy tissue paper. If stubborn wrinkles remain, brush the tissue lightly with a damp cloth and press again. Inexpensive, chemically treated press cloths are also good protectors.

If alterations will be necessary in a ready-to-wear dress, check to see if the hem has been pressed so it is shiny on the wrong side, because the shiny places may show if the hem is to be let down. Also when pressed so hard, the hem fold may be difficult to smooth out.

BOOK CLUB CONTINUES ITS THOROUGH POST-WAR STUDY

On October 25th the Woman's Book Club met in the Thompson club room. Mrs. C. A. Murray made a very interesting talk on "Who Comes First?" This subject dealt with the demobilization of our boys in the armed forces. This was followed by a most thoughtful talk on "What Do You Think of the German People?" Much of the blame for what the Germans have done is caused by race-prejudice and mis-education.

Mrs. Caldwell was elected to membership in the club. Eighteen members were present.

"SO HELP ME GOD!"

By Ray Dudley, Editor The Oil Weekly

I stood in the blazing sun at Ellington Field, in Texas, last Monday and watched the cadets file by, fine manly chaps, watched them come into the hall in which they were to receive their wings as commissioned officers in the United States Army Air Force. My third and last boy, a lad of 19, was among them.

Two years ago his mother and I had seen a similar group file into the chapel at Ellington to receive their wings, and our second boy was among them. Today he and his elder brother, who had chosen Navy Air, are memories, precious memories, it is true, but boys to be spoken of in hushed tones as boys who would have made good citizens, two boys whose memories will never be dimmed in the eyes of their father and mother. They, with thousands of others, have made the supreme sacrifice for America as they knew it and loved it.

Then Monday we heard again the prospective officers take the oath necessary to their commissions: "I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign or domestic, that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office upon which I am about to enter: SO HELP ME GOD."

For a moment my thoughts drifted from the son whose burned body lies somewhere in France from the other son who lies in native soil. . . .

Our forefathers who wrote the Constitution knew that they were giving to future generations a document so precious that it would be worth the loss of American lives to preserve . . . and they knew that there would arise enemies to it, domestic as well as foreign.

Then my mind went back to a time nearly three years ago, when my first two boys volunteered, and the pledge I made them then:

"To the best of my meager ability I shall do all I can to defend against foes at home the institutions you boys have enlisted to uphold . . . and I shall do that without fear of sacrifice if it costs me everything I have, including my life: SO HELP ME GOD."

It was not necessary that I pledge them my fullest efforts to help prosecute the war . . . they could have expected no less of me as an American and a father.

The casualty lists over the country name thousands of parents whose boys have been lost and whose sons are as precious to them as mine were to me. I claim no distinction as the parent of boys who have died in the service. I can only claim to be among those to whom this war is a deadly serious thing, and I wish my claim to be listed among those

who resent with every atom of their being the efforts which are being made by the Hillmans, the Browders, the Murrys and others, including our President, to nullify the sacrifices of thousands of American boys.

As I heard the oath to defend the Constitution repeated by the young men at Ellington, I could not but remember the remarks which have been made about it by Americans of foreign birth who would seek to destroy it . . . "a scrap of paper . . . an outmoded document . . . a bill of property rights rather than a bill of human rights." And these are the men who are asking that we trust our country to them.

The situation under which the Communitarian Front in America is trying to wield control over our country through the capture of one of our great political parties, is so preposterous as to be almost incredible. But make no mistake—the threat is a real one. That a Russian-born radical, with all of the class hate of his native land, should aspire to control this country is so fantastic that many cannot believe it. But it is true.

That he and his fellows have openly boasted that their organization, the CIO, is raising millions as a war chest to help keep Roosevelt in power, indicates a blatant confidence in their victory. That this money should be extracted from hundreds of thousands of members whose membership was forced on them, is a disgrace. That they get away with it is a shameful tribute to the close association they have with our Department of Justice.

Who was it who climbed the stairs, hat in hand, to Hillman's suite in a Chicago hotel to learn the wishes of the boss as to who would be Democratic candidate for the vice-presidency? It was our United States Department of Justice head—the man sworn to uphold our laws (including the Smith-Connally act which makes it a felony for a labor union, or a corporation, to contribute to a political party). Yes, it was Attorney General Biddle, and the man with him was the person who later was named by Hillman as the Democratic vice-presidential nominee, Harry Truman.

With Hillman and Browder and their ilk as arrogant as they are now, what will their attitude be if they succeed in re-electing Franklin D. Roosevelt? Where will their power end? What will happen to the rights guaranteed under our Constitution? If our interests should ultimately clash with those of Russia at what point will these men make up their minds as to where their first loyalty shall lie? If England's interests should clash with those of Russia, will our country's armed forces be thrown against a nation whose kinship to us derives from a common parenthood?

This is a long way from the ceremony at Ellington last Monday. The field has widened until the lives of a large group of fine boys seem but a drop in a great ocean.

But it is not a long way from the pledge I made my boys.

The question of your future is squarely before you. It is up to you and all of us to decide.

The Question Is . . .

Do you want to continue winning the war, winning the peace? If so, it is your duty to keep in office the greatest president America ever had . . .

Franklin Delano Roosevelt

The Farmer must have his Government working FOR him, NOT against him. So his choice is clear. American farmers can choose between:

A REPUBLICAN Administration that looks after business interests first, and not the farmer, that believes depressions are an act of Providence, and so does nothing about them!

Or the DEMOCRATIC Administration that believes in prosperity for ALL, that believes in the American farmer . . . and that has PROVED it knows how to protect the farmer's interest today and tomorrow.

Three Republican Administrations Watched the Farmer Sink Deeper and Deeper into the Depression . . . and DID NOTHING ABOUT IT!

Junior Class of 1944-45 Earns Funds For This Year's Banquet

Juniors Sell Subscriptions Advancing Banquet Plans

In order to earn money for the Junior-Senior banquet, the junior class of Canyon High School is selling magazine subscriptions. Ray McDonald of the Red Team, and Bobbie Lee Graham of the Blue, started the magazine subscription campaign under the supervision of Mrs. Lee Sanford, class sponsor. Beginning October 19, the sale will last through November 6.

With the Red Team in the lead, Ray McDonald, captain, has sold a grand total of \$193.25, alone. Each team's aim is 75 subscriptions. As a climax, the low team will pay off with a real party for the winning team. The school aim is \$500.00 or 100 Curtis Subscriptions. On three magazines put out by the Curtis Publishing Company, including The Saturday Evening Post, The Ladies Home Journal, and the \$4.00 Jack and Jill, the class will receive 50% of total sales, while on other magazines offered, only 30% will be earned.

Each student's individual quota is \$25.00 total sales. A free subscription is offered to any student who sells this amount during the sales plan.

A Bulova Watch has been offered for the Grand Prize and if this is unobtainable, a \$25.00 War Bond will be presented, instead.

A certificate of leadership, signed by the vocational director of the Curtis Publishing Company and the school officials will be given to the general manager and captain of each team. Only three can be earned if the school reaches a dollar sales quota of \$500.00.

Dwight S. Allison of the Curtis Publishing Company is the Field Manager for this campaign.

BUY BONDS

Congratulations! That is what you are saying each time you buy a Bond or a Stamp. Students of Canyon High seem to realize this, for in the past week victory sales have come up considerably. Maybe a brother, son, or husband of yours helped in the wonderful victory in the Philippines. There is no better way to boost his time of homecoming than to buy more Bonds and Stamps. If you are wondering what you can do for that friend or loved one, BUY MORE—FOR HIS HAPPINESS AND YOURS!

FFA Class Chooses Scott Sweetheart

After several attempts the nominations committee of the Future Farmers of Canyon High School finally got together and presented blonde, blue eyed Dorothy Scott as sweetheart for the club for the 1944-45 school year. Dorothy, hailing from Friona, is attending Canyon High School for the first time.

Although no regular classes are being held this year the Future Farmers hold called meetings and still take an active part in school activities.

Chosen last year to lead the group were: James Lair, president; Sandy Oliver, vice-president; Malcolm Gunter, secretary; Harold Erwin, treasurer; and Billy Thurman, reporter.

Members Discuss Hallowe'en Plans

With Laura Lee Davis presiding, members of the Future Homemakers of Texas gathered Thursday for the second time this year to discuss plans for the carnival. After many suggestions as to what the club would sell at the carnival, the decision was left to the executive council.

Rose Hugg, vice president and program chairman, then took charge of the meeting. Betty Brown, accompanied by Ellen Sanders, sang "Time Waits for No One" then Ellen and Betty sang "Sweet and Lovely." Margaret Lair, Area vice-president, made a short report on the Five Point Program of the F. H. T.

Parents Surprise Young Students

Hallowe'en and birthday parties were the main events in the grade school, Friday, October 27.

Honoring George Thomas and Sara Jo Hickman's sixth birthday. Mrs. J. P. Thomas and Mrs. J. B. Hickman directed several games and served birthday cake and punch to Mrs. Collins and members of her first grade.

Mrs. Cousins and her fourth grade were surprised with a party by Mrs. M. O. Slack. Homemade cookies and delicious apples were served.

Children in Mrs. Orton's first grade celebrated the birthday of Jerry New, who was six, and his sister, Billie Jean, who was four. At a combination Hallowe'en and birthday party the students played several games including "Pin the Tail on the Cat." Decorating the table was a large bakery cake. After being served cocoa and cake by Mrs. W. R. New and Mrs. M. O. Slack the group had its picture made by Pat Britain. Wilford and Judy Taylor were guests of the group.

Students Choose "Soaring Wings"

In a ballot taken last Thursday students chose "Soaring Wings" over "The Eagle Speaks" and "The Eagle" as the name for the 1944-45 annual yearbook.

"Soaring Wings" will appear over the white raised emblem of the symbolic eagle on the cover.

Individual pictures of the faculty, school officials, and high school students will appear in the yearbook. Group pictures of the first through eighth grades will be taken and all organizations will be shown.

EDUCATIONAL MOVIE

Following is an announcement from Supt. J. B. Speer:

"The Olympic Theatre will run a two-minute trailer, 'Education for New Tasks,' November 5-11. This picture was made for the National Education Association and the commentator is Lowell Thomas. Everybody should see this trailer. Thanks to W. J. Wooten for showing it."

Canyon Public Schools and West Texas State College are co-sponsors of the picture.

Hello there, all ye friends and seekers. Cal, tuning in jes for you. Gossip in this hyar week before Hallowe'en is few and far between. After all these high school twirps have been to that Frankenstein picture which makes you want to "cuddle up a little closer lovie mine," rumors of new romances should come fast and furious. Until such a time I'll relate such odd bits as I have found.

Say, who were those beautiful girls Harley Hicks was walking with Sunday afternoon?

It seems that a new flame is being kindled between certain members of the junior class. For example, Anita Johnigan certainly has a crush on Flake Thurman.

Twosomes in the freshman class Hallowe'en night were Valeta Haines and George Milford, Ruth Drake and sophomore Dick Milford, Geneva McDougal and Max Bellah.

This is Cal wishing you a gossip week end and signing off until next time.

McDougal Takes Theme Award

Harp and Haines Compose Fire Prevention Second

Mrs. Lee Sanford, English teacher, announced this week as winners in the Fire Prevention Theme contest Geneva McDougal, freshman, first prize of \$7.50; Frances Harp, senior, second prize of \$5.00; and Vergie Haines, senior, third prize of \$2.50. Geneva chose as her subject "In Case of Fire," while Frances and Vergie both selected "Fire Prevention and Life Saving."

English instructors of West Texas State College who judged the themes were Dr. B. F. Fronabarger, Mrs. Geraldine Green, Mrs. T. V. Reeves, Mrs. Travis Shaw, and Miss Anita Goodrich.

Students taking English are required to compose these themes each year by the State Department of Education.

Prizes were presented by the G. G. Foster Insurance Co., and the winning themes have become the property of the Company, to be reproduced as they see fit.

Class Determines Future Emblem

Seniors of 1945-46 selected class rings of 10 karat gold in a called class meeting Wednesday.

From a choice of three designs the class chose a ring with the numbers 1946 and as usual a "C" above the words "High School" on the face. An eagle adorns each side and the background for the numbers and the lettering is black. Offered in three different sizes, the rings will cost \$11.70 for the miniature, \$12.90 for the medium, and \$14.10 for the large.

O. H. Shryock, representing the Herff-Jones Company of Indianapolis, displayed the rings and left the order blanks with Cheri Kilchrist, secretary of the junior class.

All deposits for the rings should be in by Friday.

Rings will be available to class members by September of next year.

Seniors Designate Class Invitations

In a called class meeting Wednesday morning, the seniors chose their cards and invitations and discussed the offer presented by the Herff-Jones Company enabling the seniors who have victory class rings to exchange them for solid back, 10k, gold rings.

Those who want to exchange their rings will be charged \$1.80 for the miniature, \$2.70 for the medium, and \$3.60 for the large, in addition to the amount paid for the victory rings. All new orders are to be sent through the class sponsor.

Harold Erwin, Betty Brown, and Earl Lock Neff presented three types of invitations from which the class chose one containing the statue of liberty and the school emblem.

A political platform is for one party to stand on and the other party to jump on.

Holy Eve Celebration Signifies Various Traditional Customs

Merry-making and the divination of the future is the way we celebrate Hallowe'en in most of Great Britain and the United States. In some countries, however, Hallowe'en has a very different meaning.

Hallowe'en when translated means Holy Eve and it precedes All Saints Day which is a relic of pagan times and falls on November 1.

In northern England, Hallowe'en is known as Nutcracker Night and is devoted to the cracking of nuts and other harmless revelries.

Children born on October 31 in Scotland are believed to be able to converse and communicate with evil spirits; hence, no one will have much to do with these children.

In Roman Catholic countries, Hallowe'en is the time at which people visit the cemeteries and place flowers on the graves of friends and relatives.

It was on October 31, 1517, that one of the greatest reformers of all times, Martin Luther, posted his 95 theses on the church door at Wittenberg, Germany. This act resulted in the formation of the Protestant Church.

Press Club Hears Walter Sanford

Giving pointers on leads and editorials, Walter Sanford, Montana journalism teacher, spoke to Canyon High School Press Club members on Tuesday afternoon, October 24.

Husband of Mrs. Lee Christine Sanford, English teacher in CHS, Mr. Sanford was recently honorably discharged from the army after sixteen months of service, during which he attained the rank of corporal. Before his induction into the army, he was teaching journalism at Billings High School, Billings, Montana, and he plans to return to this position soon.

After attending the University of Montana, Mr. Sanford received his Master's Degree at the University of Washington. In three years of newspaper experience he progressed from a reporter to a desk job as copywriter. In the Panama Canal Zone he taught American students in the Balboa High School.

Beginning Monday, October 30, class schedules in Canyon Public Schools will be changed to suit the convenience of the lunchroom. Morning classes are beginning at 10:00 each morning instead of 10:05. The noon period is scheduled from 12:55 to 1:45 and school closes at 4:35. No class time is being lost.

Grade Notes

After being absent two weeks because of illness, Mrs. Roscoe Davis returned Monday, October 30, to teaching her second grade. During her absence, Mrs. Tom Brasher has been substituting.

Mrs. Stella Murrell's second grade honored her with a fruit shower recently.

Girl Scout Troop 6, whose leaders are Mrs. Stacy Howell and Mrs. M. O. Slack, will meet from 1:30 until 2:30 at Thompson's clubroom Saturday, November 4.

The members of Mrs. A. K. Goodman's third grade were given red, white, and blue badges to be worn if they had eaten all their food at the lunchroom each day. Each child kept his badge at the end of the week.

Friday afternoon Mrs. Goodman's third grade invited Mrs. Doughty's room to a program.

Mary Ann Baker of Mrs. Atchley's fourth grade is moving to Amarillo.

A historical tabloid, called "Father Lujon's Story," was written and produced by 56 students of 5J and 5W in their study hall. While three members of the group told the story the others enacted scenes in a museum of national history. Real costumes and wigwags were used. Afterwards Mrs. A. L. Walsh and Mrs. Mitchell Jones were hostesses to the mothers in the library. Miss Fronabarger poured punch.

Thursday grade school students assembled in the library and listened to several ministers. Present were Rev. Robert W. Jones of the Presbyterian church, Rev. W. J. Phelps of the Assembly of God, Rev. Raymond Jones of the Assembly of God of Amarillo and Dr. G. K. Rogers of the Presbyterian church of Plainview. With "Overcoming Evil with Good" as their themes Rev. Raymond Jones and Dr. Rogers spoke to the group. Afterwards the children chose and sang their favorite religious songs.

An average of 250 grade school children have eaten in the lunchroom this past week.

Schoolmaster: If Shakespeare were alive today, would he still be regarded as a remarkable man?

Pupil: I'd think so, for he'd be 376 years old.

Queen Candidates Climax October Day Festivities

Carrying out the traditions of the past, the annual P. T. A. Hallowe'en Carnival came to a climax last Tuesday night with the presentation of a gift by the Press Club to the Queen of Hallowe'en, Princess Nancy Wilson and her escort Don Standley, Princess Johnnie Frances Wallen and her escort Ray McDonald, Princess Louise Tueck and her escort Dick Milford, Princess Frances Standley and her escort Clifford Burtz, Princess Mary Lee McGehee and her escort Gerald McDuff, Marilyn Small and her escort Albert Craig were the candidates for the honor. At the time of the writing of this story, the officials had not announced the winner of the contest.

Preceding the coronation of the Queen, a spooky picture was shown for both the young and old in the high school auditorium. Skating was sponsored by the basketball boys in high school gym. To raise funds for the P. T. A. activities, the following booths were sponsored: bingo, darts, confetti, ring the duck's neck, ball-throwing, spooning booth, target range, country store, cake walk, fortune telling, side show, popcorn, popcorn balls, pop, ice cream, white elephants, fishing pond, and home-made candy.

RATES RATES RATES

for electricity REDUCED AGAIN!

Your residential and commercial lighting bills are now being figured according to the new rates which went into effect early in October. Southwestern Public Service Company has long followed the policy of reducing rates as rapidly as possible, consistent with adequate and reliable service. The latest reduction brings your electric rates to a new low.

War-time price increases have not hit your electric bill. With nearly every other commodity going up, electricity has stayed right where it was. And now—even before the war's end—the price of electricity goes down again! When it comes to paying your electric bill, a penny is still big money, and electricity is your biggest household bargain.

When you plan your all-electric home of tomorrow, you know it will use more electricity than ever before. Important developments in electric wiring, lighting and appliances are in store for your future home of better living. Best of all, you will be able to use these electrical helps more than ever, with greater economy.

Low-cost electricity will make it possible. That is our contribution to the post war home—your home—all-electric!

Baptist Church Offers Special Courses Next Week

MISS GRACIE KNOWLTON

The First Baptist Church will offer several special courses next week in a Church Efficiency Campaign, according to announcement by Pastor Roy L. Johnson. Miss Gracie Knowlton, Educational Secretary of First Baptist Church in Hereford, will direct the campaign and will be here for all services Sunday to observe and make announcements. The movement is being sponsored by the Training Union of the local church, of which Robert H. Kilgore is the director.

Rev. H. E. East of Tulsa will assist with the campaign next week, and will begin a special course for adults Sunday at 6:45 and will preach at the evening preaching hour. Mrs. Jesse Willis will lead the course for Intermediates. Courses are also planned for Juniors and children of primary age, eight and under.

All studies will begin at Training Union hour on Sunday and will be continued each night through Wednesday, and for those who attend there will be a banquet on Thursday.

REV. H. E. EAST

which will be the first to be held in the church's new social room.

Grace Overton Will Return to Campus Soon

Mrs. Grace Sloan Overton who has visited the campus of West Texas State College twice will return in November.

Mrs. Overton will be on the campus Sunday, Monday, and part of Tuesday, November 12, 13, 14.

Mrs. Overton is a specialist in the field of human relations and her lectures will be on subjects of tremendous importance to college students. Her warm friendliness and her successful presentation of her subjects recommend her as much as her knowledge.

V-NEWS

Pears are plentiful at this season, have a high sugar content and may be prepared or canned in a variety of ways. You may add variety to your family food supply by preparing pear honey and pear relish.

Pear Honey

10 lbs. pears (ground in food chopper)
3 lbs. sugar
1 cup honey
1 No. 2 can (or 1 pt.) crushed pineapple
Cook mixture together until tender and thick. Pack in hot jars and seal.

Pear Relish

1 gal. coarsely ground pears (hard pears are desirable)
1/2 gal. ground white onions
1/4 gal. ground green peppers
4 ground hot peppers
Mix the ingredients. Add two cups salt and let stand over night. Next morning drain and rinse in three waters, then drain dry.
Prepare the following syrup:
2 quarts vinegar
4 cups sugar
2 tablespoons tumeric
2 tablespoons mustard seed
Cook the syrup for five minutes, then add the ground mixture and simmer for five minutes all together. Pour into sterilized jars and seal.
Note: Do not peel pears, but remove core and place in salt water after cutting to prevent darkening, then grind.

Now comes the Cranberry season. The cranberry is a wholesome fruit, lending its color and flavor to scores of dishes. Cranberries are a good source of Vitamin C, Vitamin A, Iodine and many mineral salts. Cranberry sauces and relishes are an excellent accompaniment to meats of various kinds.

The following relish may be prepared quickly, requires no cooking, and is particularly good with hot or cold meats.

Cranberry Relish

4 cups cranberries
2 oranges (medium size)
2 cups sugar
Put cranberries through food chopper. Pare oranges, remove seeds and trim off white membrane. Put rind and pulp through grinder, mix thoroughly with sugar and berries. Let stand a few hours before serving. For future use pour in glasses and cover with paraffin.

Dr. Condron Heads Promotion Committee

Activities for this year was the topic of discussion at the meeting of the Promotion Committee Thursday afternoon. Dr. S. H. Condron is chairman of the committee.

Miss Ruth Lowes is working on an illustrated folder to depict teacher training. Schools are asking for materials on this subject.

The committee is especially interested in encouraging the students to put on programs, and do many things while they are in school here. The aim is to see that every student enrolled in the college this year appears on the platform in some activity.

Professor Jack Douglas of the Speech Department and Band Director Lewis Chamberlain are already at work on special programs to be presented; and at frequent intervals, all-college amateur hours, play nights, and music jamborees are planned.

Mr. Boone McClure is the field representative to cooperate with the high schools in the Panhandle. Pres. J. A. Hill is planning to visit every service club, in behalf of the college and its exes who are in service.

Shirley and Boger Will Attend Work Shop Meet

To attend the work shop of guidance for returning soldiers, a meeting to be held in Austin, Nov. 13 to 17, Dr. D. A. Shirley, registrar, and Dr. Roy G. Boger, director of Amarillo Center, have been appointed by President J. A. Hill to represent West Texas State College. The workshop meeting is sponsored by the Association of Texas Colleges and all members send representatives.

The conference will include intensive training in a program of assisting returning veterans in their educational work. Improved techniques in counselling and in personal adjustment with particular attention to vocational guidance will be a part of the three-day program.

FUNDAMENTAL CHURCH

Frank A. Godsoe, pastor of the Central Baptist Church in Amarillo will preach in the Fundamental Baptist Hall, 1606 W. 4th Ave. in Canyon, Friday at 8 p. m. Larry E. Morris will preach Sunday at 11:00 o'clock. Bible School convenes at 10:00 o'clock.

Lyceum Program Is Scheduled for November 16

John Temple Graves, second member of the editorial staff of the Birmingham Age-Herald will be the next attraction on the Lyceum program of West Texas State College.

He is scheduled to be in Canyon on November 16, and Dr. Wallace R. Clark, chairman of the Lyceum committee, states that every effort will be made to have him on the campus long enough so that students can have conferences with him.

The doctor had a difficult case. A fellow who stammered badly was in his office for an examination and consultation. The doctor was young and hadn't had any experience with cases like this. But he was doing his best to help. He asked the man: "Did you ever go to a school for your stammering? There are schools for that you know."

"No-o-nope!" the stammerer replied. "I-I-I p-p-picked it up m-m-myself."

A young man was doing his own shopping. He said to the pretty girl behind the drapery counter: "I want a pillow-case, please."
"Yes," said the girl. "What size?"
"Why-er-I'm not sure, but I take a six and seven-eighths hat."

We are never too old to learn.

Mistress: I've invited the Hobbs to dinner at seven, but I think we should give them a half-hour's grace.

Maid: Well, I'm religious myself, but don't you think that's overdoing it?

"Iceland," said the teacher, "is about as big as Siam."
"Iceland," wrote the student afterward, "is about as big as teacher."

Billy: What is a rare volume, Daddy?

Daddy: Well, son, it's a book that is returned after it was loaned.

"How do you feel?" asked the

physician, who had been called to attend the seamstress.

"Oh, sew, sew; but I seem worse today, and have stitches in my side." The doctor hemmed and told her she would mend soon.

"An' so yer name is Riley?" said one chance acquaintance to another over their cups. "Are ye any relation to Tim Riley?"

"Only distantly. Oi wuz Dennis Riley's first child an' Tim wuz his tinth."

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

Save Money

DO IT WITH WAR BONDS!

DID you ever get ready to blast a stump and wish you had Hitler and Tojo tied on top of one?

Well, you are giving this pair of var-mints approximately the same treatment when you buy a War Bond. Because the money from that Bond is what enables our boys to work their way ever nearer and nearer to Berlin and Tokyo, smashing up a lot of Nazis and Japs on the way.

And here's a thing to think of: those Bonds will enable you to buy new equipment and machinery, repair and rebuild buildings, refurnish your home. For you get back all that you put in, plus substantial interest at maturity.

So let's obey that impulse to blast Tojo and Adolph to the skies... where we've already sent the Duce. Let's buy the Bonds that will help do it!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED... NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

For America's Future, for your Future, for your children's Future

Randall County Camp and Hospital Notes

Achievement of the Coordinated Council of the Red Cross in Randall County Camp and Hospital service is making considerable progress through the combined efforts of clubs and individuals.

To date the Council has furnished 1 easy chair to the Officer's Lounge at the Hereford War Prison Camp; 3 sets of cream and sugars, 4 trays, 2 bowls, 3 mixing spoons, 1 lace table cloth, sheet music, 1 album of records, 1 current novel (donated by

American Legion Post No. 97) over 300 cookies a week, and magazines to the Red Cross Hospital kitchen and the Hospital in Amarillo.

Last week the Girl Scout Cookies were kept and served to boys on a troop train Monday afternoon.

Each 2nd Saturday the Council meets at 3:00 o'clock in the Thompson club rooms. Any club wishing to help in the work is asked to send a representative to the meetings.

International Vision Prominent in Work of Rotary Clubs

Dr. A. M. Meyer, chairman of the International Service committee of the Canyon Rotary Club, talked on the function of his committee at the weekly luncheon Tuesday.

Millions of people are looking for political justice for all of the people of the world, believes Mr. Meyer. The responsibility of the future is with the whole people, rather than with individuals. Therefore, each individual must assume his personal responsibility for the future peace of the world.

In America our level in campaigning has dropped, as material and fundamental issues are overlooked in favor of the unimportant.

If future wars are to be prevented

the people of each nation must understand other nations. Education is therefore necessary on issues of international scope.

The speaker advocated that all Americans must become self-educated on international problems by reading timely and thoughtful articles on the problem of other nations; engaging in thoughtful and dispassionate discussions of current problems; by remembering that as much as we value the American way of life, it is never safe from attack from within and without.

There are now 5,247 Rotary clubs operating in 54 nations, with a membership of 229,450. There are 53 additional clubs which are dormant in areas torn by war.

Visitors were: E. S. Emerson of San Antonio; J. Francis Brown, R. E. Wertz, Arch Hunsley of Amarillo; Newton Harrell, honorary member from Claude.

Mr. and Mrs. Dalby Fleming and children from Grenada, Colo., and Don Fleming from Logan, N. M. spent from Friday to Monday in the parental Ira Fleming home while Dalby and Don were locating cattle in this vicinity for winter grazing.

Misses Margaret Barrett, Ruth Ford and Elizabeth Cox attended the Area Nutrition Conference held in Lubbock Saturday.
